

### 孕三態

「孕」在氣的表現上，運用水的物理三原態來呈現出懷孕過程中生理與心理「由內而外」種種的變化！

- 固態：不動如山。
- 液態：深情似海。
- 氣態：變化萬千。

### *Three Forms of Conception*

Water takes three forms: solid, liquid and gas. In the process of pregnancy, the mother will go through changes that resembles the changes in water. The changes are more than physical as it involves the beginning of life that is also changing psychologically.

- Solid: As reliable as the mountain
- Liquid: Affection as deep as the sea
- Gas: Myriad changes of mind and body
